INTRODUCTION

This manual contains the exploded views and replacement parts lists for the serviceable components of the SKYTRON Model 6000/6001 surgical tables.

Each serviceable part in these exploded views is identified by a reference number. Use this number to locate necessary part information in the parts list adjacent to the exploded view.

Always use the complete SKYTRON part number and description when ordering replacement parts.

Always use the complete table serial number (S.N.) when ordering replacement parts.

Special Tools and Maintenance Items listed on page 50.
